## Carolyn Ayres

My Joy is the exploration of the Tarot with others, that we, together, may discover our Paths of Light. It is my hope that as we All come more into our own Light that others will be attracted by its loving pull of possibility. In this way we all become agents of change. We can then take the responsibility of creating a new paradigm of Love, Peace and Abundance for All.

**News:** Happy Lunar New Year! The year of the Wood Snake asks us to shed our old skin and open to something very new. And, Whew! Talk about Change! Believe it or not, we have been asking for this. We asked to evolve, to Awaken. Though we may be surprised with the form our Awakening is taking, it is time to step up and take the risk of expressing what we value. Not in anger or judgment but from the depths of our passionate being. Allow the pain and anger to galvanize you. Choose a cause you feel strongly about. Throw yourselves into it whole heartedly and discover your Joy of existence, your reason for being and how you can be of service to the Whole. My passion, my Joy of existence is my Tarot classes which have all launched. Whew!

## New Moon Message for January of 2025

The rumbling sound of change Feels like thunder. Feels like devastation. What are you Feeling? Do you know? Or have you chosen numbness?

We would say it is vital that you Feel. This does not mean feeling that you are a victim; feeling that you are being wronged. Anger is only a defense against deep Feeling. We are talking about Feeling without labels. Allow the flow of Feeling. When you stop the flow of feeling to think about why or who caused this feeling, you are labeling your feelings and they are now emotions. Reactions. You label these feelings as grief, frustration, hate...

Can you allow yourselves to just Feel without labeling?

Can you just express the Feeling and then release it?

Allow pure Feeling. Breathe into Feeling. Where is it in the body? Be with your body. Notice its response to Feeling. Sink in. Sink deeper. And, yes, it may feel like pain... Allow and then release.

We urge you to Feel deeply for this is where your Intuitive Knowing lies. It is in deep Feeling that you transcend the mind. For beyond the very protective mind that judges, labels and reacts emotionally is... Love. When you transcend the mind, you find only Love. Love which takes you beyond human love. Cosmic Unconditional Love that is the foundation of all Feeling. Love that brings you to despair, to anger. Love that brings you to Joy and Bliss. And so when you can move beyond the labeled feeling, the emotion... When you allow yourselves to drop into your depths, you will find yourselves sitting with this Cosmic Wisdom of Love, the Wisdom of the Infinite Creative Force. When you sit with Love for yourself and everyone and everything, you find the deep meaning of it All in the Wisdom of Unity, of Purpose and Meaning in all events and seeming crisis.

Take the risk to Feel. Cry if that is what the body wants. Laugh! Thrash around and release all anger and judgment. It is time to release the suffering, the pain...Lighten up. Allow the Light of Love and Joy for no reason except that you are Vibrational Beings. You are Love incarnate.

## New Moon Reading Questions

I ask what We, as a collective of souls, can learn from the message I received

## Reading for the Tribe for January 2025

### Card One

For this collective's emotional reactions to tremendous change.

### Card Two

For the Feeling beneath our reactions..

### Cards Three and Four

Asking: How to transcend our emotional selves and  
come into our vibrational selves of Love?

## Card One

**For this collective's emotional reactions to tremendous change.**

I would say we are holding steady. The **Adjustment card, or Justice** in other decks, is the work of balancing our karma which we have created with our emotional reactions. This card shows that we are taking responsibility for what we have created in physical reality. We understand that current events are the consequences of our unconsciousness. We understand that we must hold steady and stop reacting to events. We get that keeping ourselves in balance, being non-reactive, is the gift we can bring to the whole. Remember: We are all One in vibrational energy and so each being can affect the Whole.

## Card Two

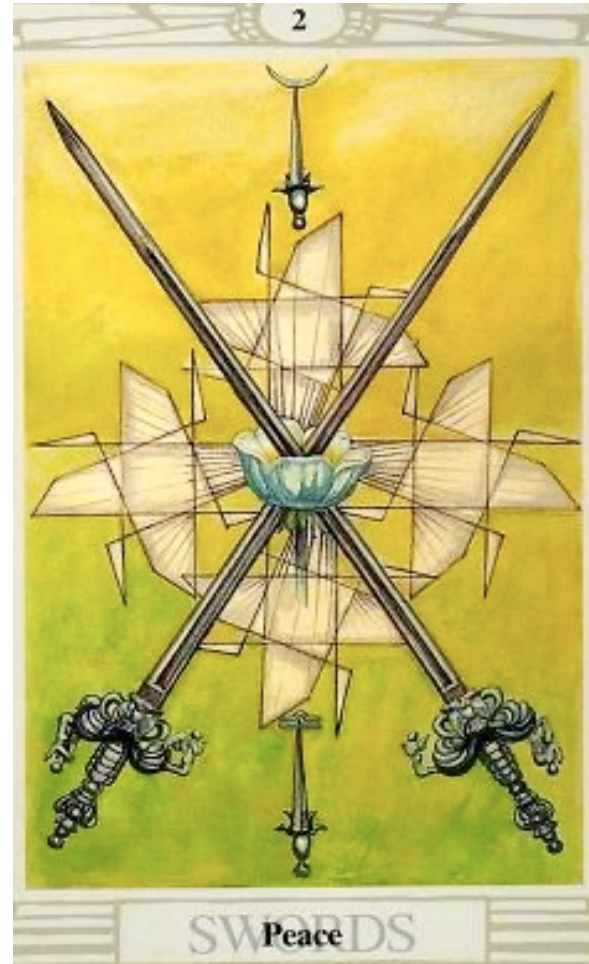

**For the Feeling beneath our reactions.**

The **Nine of Wands** shows our lower consciousness as the Moon at the bottom and our Higher Consciousness as the Sun at the top. This is the direct Path to Awakening which says to me that the Feeling beneath our tendency to react is a deep knowing that everything happening is for our evolution. We are being awakened big time by the events on the planet and our own country. We are understanding that we have a choice: To either be pulled down into the collective numbness of the planetary collective in fear and denial. Or, we can open to and tap into our fiery, creative Awakened Selves and begin to co-create with our Higher Being, the depths the New Moon message spoke of: "The Cosmic Wisdom of Love, the Wisdom of the Infinite Creative Force. Rising up to sit with Love for yourself and everyone and everything in the Wisdom of Unity, of Purpose and Meaning in all events."

### Cards Three and Four

**Asking: How to transcend our emotional selves and come into our vibrational selves of Love?**

The **Prince of Disks/Pentacles** is our soul in human form who has come here to serve and align with a Greater Vision. They ride in a chariot full of nitrogen nodules to fertilize the new earth that they hold in their arms. All Knight/Princes of the Tarot are aligned with the Higher Vision as passionate idealists. This aspect of you truly understands why we are here in human form. Surrounding the Prince, you see images of the wealth of physical reality. The nakedness of the Prince shows their vulnerability, their loving essence. When you combine this card with the **Two of Swords**, the mind in balance, opened to the Greater Mind, you have the recipe for how to be here in physical reality open to the prompting of Cosmic Love. When we are as vulnerable as this Prince and can sit with our minds and stay open, we can then allow what wants to unfold, the blue lotus. We are not in control We are only in control of our reactive selves. We don't have to be thrown off balance from what we value, **Adjustment/Justice**. When we are in balance, we can then see that current events are pulling us out of our unconscious reactive ways into an enlightened view, a higher perspective of what is happening, **Nine of Wands**. We can begin to understand that we are here to serve a higher vision of Love on the planet, **Prince/Knight of Disks**.

We are not in control of the outcome, **Two of Swords**, we are co-creating. But, by staying in balance, **Adjustment/Justice**, we can be at peace and allow what wants to emerge, the enlightened Heart, **Nine of Wands**.

**Now it's your turn.  
Do this month's reading for yourself to see  
where you, as an individual, can contribute  
to the whole.**

As always I welcome your  
ideas, questions and comments.
